

Support Standards

(Leadership & Organization, School Services, Facilities & Finance)

Student learning and well-being are dependent upon adequate and appropriate support programs and services. The school is responsible for providing an effective range of integrated resources to enhance and improve student learning and well-being and to support the school's vision and mission.

- What is the student's perspective regarding the purpose of Advocacy? What *REALLY* happens in Advocacy?
- How do students spend most of their time in Advocacy?
- Given the tasks and priorities listed below, how are we meeting those goals? What areas do we need to focus on to provide a more balanced program of support for students?

Advocacy Defined:

Building Community and Connection:

Build relationships; student voice – multi-age; convocation representation (ASB); Affective educational lessons, ie – bullying, problem-solving; celebrations.

Educational Planning and Monitoring of Progress:

Monitor student progress; student-led conferences; goal setting, self reflection; student academic support ... study skills; Personal Development Portfolio.
