

The Apprenticeship Advantage

...earn while you learn!

What is apprenticeship?

Apprenticeship is a training program where you earn wages while you learn a skilled profession in a specific field, such as construction, health care, or culinary arts.

Apprenticeship combines classroom studies with on-the-job training supervised by a trade professional. Much like a college education, it takes several years to become fully qualified in the occupation you choose. Unlike college though, as an apprentice you'll earn while you learn.

Why choose apprenticeship?

Apprenticeship means real skills leading to real careers. It's a commitment that prepares you for a lifetime career.

It's your career – your choice – your future!

Why not get started now?

Contact the Department of Labor & Industries (L&I) for tips on how to become an apprentice.
