

10 TIPS TO PROTECT YOUR CHILD ONLINE

1. **T**alk to your child about internet safety and proper and improper use of their iPad/computer.
2. **G**o online with your child to search appropriate topics.
3. **K**now all your child's passwords.
4. **I**nsist that your child leave his/her browser history on their iPad/computer, so you know all the sites he/she visits.
5. **C**heck your child's browser history daily.
6. **M**ake your child leave his/her iPad/computer with you when they go to bed at night.
7. **R**equire your child to use the iPad/computer in a room that is visible by another adult.
8. **N**otify your child of the consequences of inappropriate use at home or school, i.e. losing the right to use the iPad/computer.
9. **W**arn your child of legal consequences for inappropriate use, i.e. possible juvenile detention for sending or receiving inappropriate information.
10. **R**emind your child that the district's iPad/computer use may be monitored.
