

Closely observe, see, and respond:

- What do you notice? (look for details/ practice looking deeply instead of passively)
- What questions does the work bring up?
(Get curious! Questions about the work.... Questions the work brings up about life....etc.)
- What feelings or emotions? What connections do you (Do you have a strong emotional response? If you do not 'like' the piece, consider why....)
- What connections can you make? (memories, experiences, other connections, etc.)
