STUDENT STATEMENT OF EVIDENCE: (Respond to Questions on back)

Teacher Feedback:

Level of Achievement:

Concept/Design: Project connects to a selected Ancient Culture- merging old forms with new contemporary and individual vision. Visual research and thumbnails used to plan project

Very thoughtful and deep connections to research- moving beyond what you already new- Excellent creative representation of old tech/concepts with your own
Used visual research and thumbnails to plan design. Excellent use of Design principles to help express intent.

Thoughtful connections to Ancient Culture
Good representation of old tech/concepts with your own. Used some visual research and thumbnails to inform work. Good use of design principles to help express intent

Some connection to Ancient culture- Vague and not fully developed/researched. Relied on what you already knew. Collected visual research did some sketches- did not use either to inform work
Some use of design, could refine

Minimal –no connection to Ancient Culture

No research

No visual research or thumbnails

Limited/no intentional use of Design Principles to help express intent

STATEMENT OF EVIDENCE: (Respond to questions on back)

Teacher Feedback:

Level of Achievement:

Engage and Persist/Refinement:

Asked for feedback multiple times
Worked through challenges creatively seeking out new solutions
Refined work throughout to create quality work I'm proud of

Asked for feedback
Worked through challenges
Refined work through out to improve it

Rarely asked for feedback
Avoided working through challenges
Refined sometimes

Did not ask for feedback

Gave up when challenged or took the easy way out

Did not try to refine work- did it to get it done without refining technique
