

# Graphic Design 10-7

## ■ Agenda:

---

- Typographic Word Design Reflection:
  - Brainstorm a list of words that have significant meaning to you. They maybe connected to your philosophy on life, your beliefs, or some element of your personality.
- Using the Type Tool Tutorial- practice a variety of different ways to use the type tool creatively in photoshop.
- Re-design one of your thumbnail studies using what you practice during the tutorial

# Type Tool on Photoshop

---

- Learn how to:
  - Transform, change size, scale, and alignment,
  - Select and change color of type
  - Warp and edit Type
  - Create type in perspective
  - Use the type character box
  - Work with layers and type tool effectively

## Type Tool Practice:

---

- Select one of your typographic thumbnail studies to recreate practicing each of the techniques demonstrated in the tutorial.
- Pick a specific color scheme and experiment.
- Due at the end of the class today!
